

## Patient safety is always our #1 priority, especially during the COVID-19 pandemic.

To reduce potential exposure and maximize patient comfort, our office has partnered with Precision UpNEXT virtual waiting room. The virtual waiting room is an easy to use online platform that helps patients check in for their appointments while safely waiting inside their vehicles. Precision UpNEXT enables us to continue patient care while following social distancing guidelines. Please note that your appointments will still be scheduled directly with our office.

**LEARN HOW TO USE OUR VIRTUAL WAITING ROOM WITH THESE EASY STEPS!**

### STEP 1

Once your appointment is confirmed by our office, you will either have a link shared with you or you will be asked to scan a QR code when you arrive on the day of your appointment.

### STEP 2

When you arrive to our office on the day of your appointment, either click the link that was provided or scan the QR code posted at the office to enter the virtual waiting room. Then, wait safely in your vehicle and proceed to step 3.

### STEP 3

You will be asked to enter some identifying information and answer a few questions to ensure safety from COVID-19 exposure.

### STEP 4

When you complete your check-in form, you will receive a text message to confirm that you are now in line in the virtual waiting room.

### STEP 5

When it's your turn to be seen, you will receive a text message with specific instructions on how to proceed with your appointment.
